
Lao New Year is coming.....

Posted by _joy_ - 03/19/2008 10:39am

What's happening in your city? Please share. It looks like I'm going to miss the one in MN since I'll be there a week early and then have to leave.

I'm not really sure about this year. I live in the SF Bay Area. I've been to the one down in San Diego and their celebration was pretty huge compared to the one up here in the Bay Area.
